

What you need to know:

The camp is located just 15 minutes west of St. John's, off of Foxtrap Access Road. Campers are bused to and from St. John's for the Little Adventure Day Camps and require drop-off and pick-up for the overnight camps.

All camps are overnight stays for the duration of the camp, except for the Little Adventurer Day Camp. During the 4 day camps the kids stay at base camp in the cabins (bunk style) for two nights, and then spend one day and night hiking and camping in tents.

Alive Adventures has a 1:5 adult to child ratio. There are fully qualified staff present at all times in the areas of outdoor education, first aid, certificate of conduct for working with children and a fully qualified lifeguard during swimming hours.

We serve healthy, nutritional kid-friendly food. Three meals, two snacks per day. Please notify Katie if your child has an allergy or special dietary concern.

Alive Adventures Camp offers specialized programming that is focused on personal development and leadership. Our unique approach allows campers to experience personal growth, friendship, connection, and inspiration in a safe and loving environment.

Our camps aim to carry your child from a "Me to We" mindset, addressing Mind, Body and Soul, and guiding them to their fullest potential. In essence, to "Be Alive".

For more info, contact Katie at Alive Adventures:

Connecting Community Through Adventure & Inspiration

Alive Adventures started with a dream in 2006. Katie Power, founder and leader, has been following her dream ever since. Step by step the dream to offer youth programming where they can thrive, learn, connect, and be inspired has been her focus ever since. Katie is passionate about her camps but is educated, professional and committed to delivering enriched programs to nurture children and youth. With a Science degree in Kinesiology, certified Yoga teacher, certified community drum facilitator and Outdoor educator Katie brings her wealth of energy and experience to each camp activity.

What people are saying about Alive Adventures:

"We took a leap of faith four years ago in sending our son to Katie's very first Alive Adventure Camp and we were not disappointed! Our son had a fabulous week, he even returned for a second week and has remained in touch with Katie throughout the year. Katie has some kind of magical connection with youth, she can pull out the very best in them, teach them life skills, and inspire them! I wouldn't hesitate for one minute to recommend Alive Adventure's Camp to anyone!"

- Judy and Scott Giannou

Our staff are qualified and hold our vision and expertise. We guarantee connection and inspiration. Alive Adventures offers Summer Camps, and Programs for the Work place & Community.

This is our fourth summer and we are very excited to positively impact more people from our community!

www.AliveAdventures.ca

"After Junior Discovery camp in 2013, my son Jaxon came running out all inspired saying, 'All you need to do is LOVE your life, that's it!' Thank you!"

- Millicent Hicks, 2014

"What I experienced at the goddess camp is that you should never give up. I also learned that it's ok to be afraid and shy."

- Anna Rae (Girls Goddess Junior)
